Merry Christmas and Happy New Year!

Translation

We've made it to the last month of 2016. Another year in which Tecnilíngua tore down barriers and made the world more connected. Translation keeps evolving and becoming more and more important in our global society. It's the bridge between different traditions, markets and countries that helps make our world multicultural. And the human component is vital in this process.

That's how we do it, with high-precision craftsmanship. From people to people.

Did you know...

... that Portuguese is one of the most widely spoken languages in the world and the number of speakers is increasing? Portuguese ranks sixth globally by estimated number of native speakers and fifth by number of Internet users. It is also the official language of 8 countries. More than 260 million people speak Portuguese.

With António Guterres of Portugal appointed as the ninth Secretary-General of the United Nations, Portuguese is poised to become an official language of the UN.

It is therefore extremely important that translation involving Portuguese, in all its variants, is carried out with accuracy and quality. The only way Tecnilíngua knows how to do it.

Tecnilíngua's Team wishes

a Merry Christmas and

a Happy New Year to everyone!

May 2017 be full of success!
